dear kevin, 12/9/76

thaks much for O'Toole'sLEIU.

It was jus long enough to last through a soaking of the arm.

it is ;ikelu that someone on thr senate committee gave him the leads if the committee did not publish them.

all these kinds of organizations lend themselves to political spying.

I'm glad to have and to have read the piece. my suspicion is that it is enormously over-written. very little was new. i heard a fair amount from a washington reporter more than a year and a half ago. I can add details the the baltimore,chicago and houston stuff. i have a large file i am still trying to get back from one of the reporters who worked on the story referred to.

before taking all of it at face value count the number of presumablys abd similar words. from the writing it is thin stuff. in fact it may not be. but it is basically a guilt-by-association job.

i am also glad to have read it in case i am asked about it.

hope you job works out the way you want it to.

for you and for what it will mean.

best wishes,
